

Odd or Even Number

Supply:

- Gameboard approximately A2 size
- About 50 toothpicks or paperclips
- Small pea bag

1	4	10	11
6	3	5	9
7	12	2	8

Number the fields from 1-12

Instructions:

- Place the gameboard on the ground.
- Give every player 15 paperclips.
- The player stands approximately 2-3 m away from the board.
- One child at a time throws their pea bag toward the board.
- If the bag lands on an even number the player loses two paperclips, if it lands on an odd number, he gains one.

The winner is the first one to be out of paperclips.
